\*On February 26, Prof Dr. Ommo Grupe passed away at the age of 84. As professor at the University of Tübingen (GER) Professor Grupe was one of the most influential individuals in German sport pedagogy. He was an important guide for a whole generation of doctors in sport pedagogy and as the founder of the journal *Sportwissenschaft* he has left his mark on the development of German sport sciences in general. In 2006 Professor Grupe was honored with the **AIESEP / IOC President's prize**.

\*The WADA has issued a call for proposals for its **2016 Social Science Research Grant Program** after identifying three areas that would benefit from increased scientific knowledge and evidence. Applicants, who can be from universities, colleges, small businesses, for-profit and not-for-profit organizations, are asked to submit proposals on one of the following three areas: (a) Developing intervention models based on up-to-date research findings; (b) The perception of legitimacy of anti-doping rules and organizations and its effect on athletes' attitudes and buy-in to anti-doping programs; (c) Understanding deterrence measures for athlete support personnel. A further explanation of these three areas can be found on WADA Grants, the [Research Grants application platform](#). Proposals must be submitted **no later than 13 July 2015** (00:00 GMT). For further information regarding the **2016 Social Science Research Grant Program**, including the application process, please visit the [research grants application platform](#).
